# KIWANIS ARE HOSTS AT PARTY

Hallowe'en Social Held by Club in Y. M. C. A. Gymnasium

Wives and children of local Kiwanis were guests of the Marion Kiwanis at a meeting of the club last night held in the Y. M. C. A. gymnasium as a Hallowe'en party.

The gymnasium was decorated with cornucopias and pumpkins and guests entered through a dark tunnel. Decorations were in charge of Claude Cochran, chairman, and members of the house committee.

The program began with dinner, during which music was furnished by a 10-piece orchestra from the high school. After the dinner, Jesse H. A. Co.

Marion superintendent of Marion schools discussed the school bond issue. For 15 minutes he answered questions asked by club members in regard to the school program.

Fifteen games and contests of various sorts were then played, followed by two Hallowe'en motion pictures which were in charge of Adam Bauer, local photographer.

The program concluded with a professional magic act given by Fobryth A. Co.

## -o- The New Book -o-

BY FRANCES JENNINGS

With just the slightest feeling of sadness that one needs "Destiny Day," that gay Irish novel which is a farewell message from its author, the merry Donn Byrne, a beautiful "swan song" the new book, for it has far surpassed anything that he has previously produced. As an author, "Destiny Day" is as Irish as "Cranberry" and as real as an Irish author, and the new book is a triumph of the highest order of the most exacting critic.

On "Destiny Day," a tale of Irish life and of the even more charming European gypsies, Donn Byrne has written a book which is a triumph of the highest order. The book is a triumph of the highest order. The book is a triumph of the highest order.

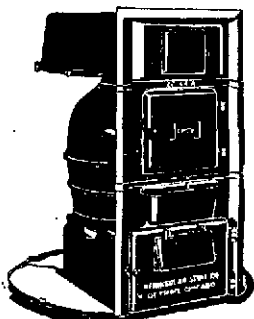

There are a lot of granite houses in the old town of Dublin, and the old town of Dublin is a very interesting place. The old town of Dublin is a very interesting place. The old town of Dublin is a very interesting place.

MANDARIN FOR THE FIRST TIME. RUPERT HUGHES has just published the first volume of the "Mandarin" series, which is a very interesting book.

and the latter's Spanish bride. A whole tale is devoted to James Crutcher, friend and brother to Uncle Val, and the one whom the latter had befriended in New York when his spirit was broken.

Romantic Element

For the more romantic there is the tale of the young queen and her young lover, who wins fame and fortune for his mistress while she enters a life where neither fame nor fortune is essential to happiness and peace.

Three hundred and fifty pages of romantic Ireland—Donn Byrne's best—said that famous author laid down his pen forever. While decidedly his life's greatest success, even "Destiny Day" will never completely overshadow the earlier books, each of which has its own particular adventure to tell, its own Irish story to relate.

STORY OF ROTHSCHILD TO APPEAR SOON

PHILLIPOTS A PROLIFIC WRITER  
FOUR books from one author to appear in four months is the record of Helen Phillipotts. The four books, which come closely after completion of the 20-volume Whitehouse limited edition of his Dartmoor novels, are entitled "Good Will," "Archery," "The Ring Fence" and "It Happened Like That." "Good Will" is a reflective poem.

published only in London, while "Archery" is another of Mr. Phillipotts' satirical modern interpretations of classic tales. "The Ring Fence" is a novel of Dartmoor life in which the members of two families are brought into humorous and dramatic contact and "It Happened Like That" is a group of short stories in which human foibles are portrayed in miniature.

IRREVERENT WORK BY FORMER RABBI

LEWIS BROWNE, a former Jewish rabbi, has just produced an exceptional book which he calls "The Grappling Bible." In its pages are re-created as condensed an account of the history of the Jews and Christians as the story is told at great length and in not always coherent fashion in the pages of the Old and New Testaments.

ESTHER HYMAN IS NEW YORK VISITOR

WIDE RANGE OF SUBJECTS COVERED  
VOLUME No. 2 of "Universal Knowledge" has just been published. It presents the same excellent features of binding and format that distinguished Volume No. 1. The selection of material has been judicious; the book is not subject to that tyranny of inheritance which is noticeable in many old encyclopedias, a repetition of the same old dry subjects. This particular volume, beautifully bound, contains everything under "U" from uranium, beer and brewing to baseball, basketball and boxing. Political science is represented, geography, transportation, industry and a variety of subjects which can be classed under "U."

ADVENTURE BOOK SECOND OF SERIES  
"MARTIN JOHNSON, Lion Hunter," by Fitzhugh Green, is the second title in the new Putnam series of juveniles, "The Modern

Adventurer Series." Commander Green, who is an intimate friend of the explorer, starts the book with Martin Johnson's trip, as a boy, with Jack London in his father's "Sloop" and its equally famous voyage to the South Seas.

WRITER IS FORMER ROOSEVELT ASSOCIATE

EDWIN EMERSON, whose "Adventures with Theodore Roosevelt" has just been issued by Dutton's, is peculiarly fitted to tell the story of Roosevelt's adventures, many of which he first heard from the lips of the late Theodore Roosevelt, since Emerson was one of Roosevelt's Rough Riders in Cuba and later had many stirring adventures himself as a soldier of fortune, military observer and war correspondent.

## POLITICS STIRRING BRITAIN ONCE MORE

### Vacations End and British Cabinet Members Return from Holidays

LONDON.—With the return of Mr. Chamberlain to the cabinet, the days of political reaction in England are over. The first cabinet meeting was held with two consequences: a rebuff of the government about the Balfour declaration, and the resignation of the foreign minister who is a sagacious, healthy, and hard-headed man, and a success of sorts for the foreign policy of the government.

However, no time was lost getting down to serious business—and the first item discussed was the famous Anglo-French naval agreement, hailed by competent political observers as the worst blunder yet perpetrated by Whitehall and the Quai d'Orsay.

**Thousands**  
of added miles of non-skid  
safety — — — *On past the point  
where you expect "half-headed" rubber*

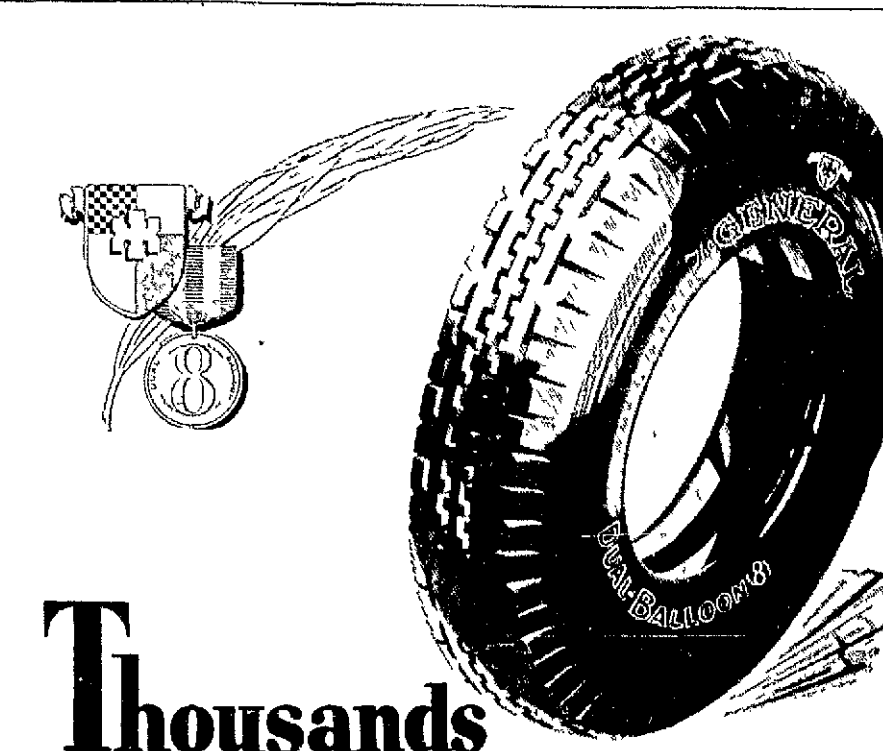

Among the many features of superiority in the *Dual-Balloon*, the greater permanence of non-skid is outstanding.

Non-skid that lasts only for the early miles of a tire's travel is not enough. Guaranties that depend upon the user's running out a great part of the mileage on smooth rubber are poor insurance. With the *Dual-Balloon* you can face the slippery season just ahead, and many more to come, with a new feeling of security.

It is built bigger and better throughout

—not merely thicker in tread—not merely more rubber on the surface. Without permanence, tread thickness has only the appearance of quality. It isn't only the amount of rubber that counts with General—it's the kind. Not simply more rubber—and more *per tire*—but more *pure* rubber.

Long past the point where you would expect a tire to go prematurely "bald," the long-lasting non-skid grip on the *Dual-Balloon* will give you the full protection so important in this age of traffic emergencies.

## Marion Boy, Saved by Surgery From Life of Cripple, Expected Home Soon

In a very few weeks a terrible but remarkably successful surgery, which will save his life and happiness to modern surgery, will be brought to his home here, well on the road to recovery after spending the past year in St. Francis hospital, Columbus.

The child is Charles Gellish, the seven-year-old son of Mr. and Mrs. Charles Gellish, 131 St. Clair st.

About three years ago, Charles was terribly injured from the waist to the head, when he poured coal oil on the

remainder of his life.

Almost a year ago he was taken to St. Francis hospital and after weeks of observation underwent an operation to free his head from a shoulder. Dr. Leslie Bigelow performed the operation, and skin taken from the boy's thigh was grafted on his neck to replace the skin that was lost.

Charles was taken home after his remarkable mail some weeks ago, when he was again moved to the hospital and in a similar operation the arm was freed from his chest.

Again Successful

This unusual operation was also a success and when the bandages are removed from the boy's arm he will have free use of it again.

One more operation is necessary to make Charles "like other boys." At that time the tendons of the boy's neck will be cut again so that he may be free to turn his head.

When that is accomplished he will return to his home here, able to play the games that other children of his age play.

**TOWN NAMES ON ROOFS**  
**GREAT AID TO FLIERS**  
Chicago—Desire of cities to get names of towns painted on roofs resulted in a Cleveland paint company and a Wooster, Ohio brush factory sending free paint, brushes and labor-

ers to 100 communities, within a few days after they offered to render this service to the last 100 cities which applied. Civic organizations in various parts of the country are sponsoring "mark your town" weeks, according to reports.  
In Atlanta, Governor Matthews urged that all cities and towns have their names painted on the roofs of their tallest buildings. At Ipswich, S. D., bank decorated its roof with letters ten feet high, while the Peoria, Ill., railroad economically relieved the roofs of its buildings of the guidance of pilots.  
From the air towns look very much alike and unless the pilot is familiar with the route, it is often difficult to identify the location, and apt to be in error. It is resulting in a break up of paint and brush for the benefit of aviation.

**SCHOOL LAUNCHES ELECTION PROGRAM**  
Notification Ceremony Held for Nominees at Junior High  
Students of Central Junior high school held a political assembly this morning at the school. The program was featured by speeches of notification and acceptance given by students who conducted the assembly and by the four nominees for the offices of school president and vice president. Nominees for the other offices were introduced by the general chairman and campaign managers were appointed.  
The students became eligible to the primaries upon petition of fellow students. After primaries this week only two candidates remain for each school office. The election will take place Tuesday, Nov. 6, on the date of and after the fashion of the presidential election.  
The nominees are Martha Jane Cook, eighth grade, for president; Jack Hudson and Donald Lindsay, both ninth grade, for vice president; Wanda Hirschman, eighth grade, and Esther Topf, ninth grade, for secretary, and Eleanor Zieg, eighth grade, and Juanita Wise, ninth grade, for treasurer.

Ticket Record for Lecture Course Exceeded To Pass 1,000  
Sale of season tickets for the Harding high school senior lecture course program which opens here Monday night at the Star auditorium with the lecture by Count Felix von Luchner, is expected to exceed the 1,000 mark, according to information made public today by Principal K. H. Marshall. This figure is much larger than the number sold last year and more than meets the expectations of seniors selling tickets.  
As a result of the success of the ticket sale, which is drawing to a close, a complimentary number will be given free of charge to season ticket holders at the close of the six-number course.

**Bran muffins**

WAIT until you see those muffins as they come from the oven. Wonderfully light and fluffy—never soggy. And when you break one open and let a lump of butter melt in that tender texture, get ready for a taste experience such as you never had before. No other muffin ever had such a rich, nut-like flavor.

The fine thing about eating these wonderful muffins is the health they bring you. For that cupful of Kellogg's ALL-BRAN helps supply your eliminative system with bulk and fiber that prevents constipation. So many foods in our diet—meat, eggs, milk, sugar, fats—lack this necessary roughage.

But muffins are not the only food where you can get healthful and tasty results by adding ALL-BRAN. Put it in dressings. Sprinkle it in soups. Mix it in griddle cake batter. Kellogg's ALL-BRAN is equally effective for milk or cream, fruits or honey added.

Grocers everywhere sell Kellogg's ALL-BRAN. Use it and you'll free yourself from constipation. Also from the use of habit-forming cathartics. For Kellogg's ALL-BRAN works as nature works. Made by Kellogg in Battle Creek.

**Kellogg's ALL-BRAN**

Guaranteed! Kellogg's ALL-BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.

*There's a Difference in Bread*

**Life! Mischief! Health!**  
—bounding, buoyant, rip-snorting health! That's your youngster's right. It's childhood!

And it's just good common sense to give youngsters only the most wholesome food, so they'll stay rugged and healthy.

Listen! Next time you look at a loaf of bread—any bread—just think this over: "HOLSUM is always good."

Yes, always! HOLSUM is rich with milk. It is made with the finest shortening. And it could never reach its state of goodness with any but the highest grade of flour. That's why it's good food for young folks as well as older ones.

**So don't say bread — say HOLSUM**

**Bran muffins**

Wait until you see those muffins as they come from the oven. Wonderfully light and fluffy—never soggy. And when you break one open and let a lump of butter melt in that tender texture get ready for a taste experience such as you never had before. No other muffin ever had such a rich, nut like flavor.

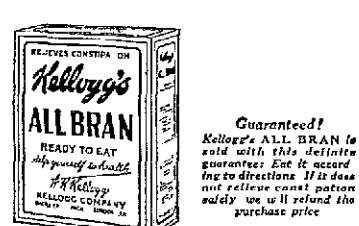

The fine thing about eating these wonderful muffins is the health they bring you. For that cupful of Kellogg's ALL BRAN helps supply your eliminative system with bulk and fiber that prevents constipation. So many foods in our diet—meat, eggs, milk, sugar, fats—lack this necessary roughage.

But muffins are not the only food where you can get healthful and tasty results by adding ALL BRAN. Put it in dressings. Sprinkle it in soups. Mix it in griddle cake batter. Kellogg's ALL BRAN is equally effective for

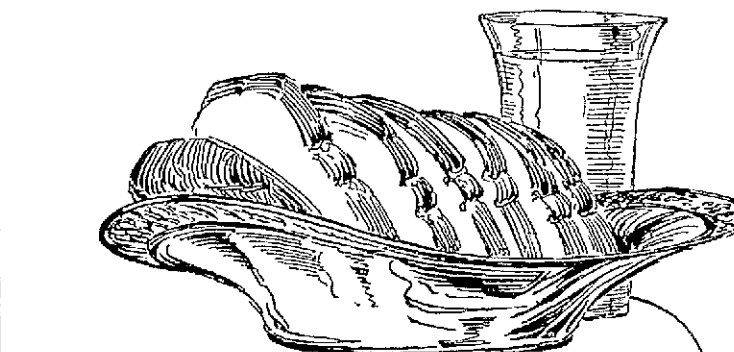

health when eaten as a cereal. Doctors recommend it. But be sure you get the genuine Kellogg's. It is 100% bran and furnishes bulk in generous quantities. Part bran products, at best, can only be part-way effective. Just eat two table-spoons of ALL BRAN daily (chronic cases of constipation with every meal). Delicious with

milk or cream, fruits or honey added. Grocers everywhere sell Kellogg's ALL BRAN. Use it and you'll free yourself from constipation. Also from the use of habit-forming cathartics. For Kellogg's ALL BRAN works as nature works. Made by Kellogg in Battle Creek.

**Kellogg's**  
**ALL-BRAN**

Guaranteed! Kellogg's ALL BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation, we will refund the purchase price.

**Life! Mischief! Health!**

—bounding, buoyant, rip-snorting health! That's your youngster's right. It's childhood!

And it's just good common sense to give youngsters only the most wholesome food, so they'll stay rugged and healthy.

Listen! Next time you look at a loaf of bread—any bread—just think this over: "HOLSUM is always good!"

Yes, always! HOLSUM is rich with milk. It is made with the finest shortening. And it could never reach its state of goodness with any but the highest grade of flour. That's why it's good food for young folks as well as older ones.

**The Week's Prize  
Simplified Baking Recipe**  
A Joy to Inexperienced Housewives  
Cake Mixing Time, this enticing CHOCOLATE ROLL, 8 minutes.

Mrs. T. L. Thompson seems pleased with her Chocolate Roll. She says: "Nothing but Kitchen Tested Flour will ever come to it." 4 hours again.

**An Adventure in "Kitchen-tested" Baking**

You may think you could not bake a Chocolate Roll like this in a week of trying. But it is 95% certain that you can, due to a new way in baking. Of the first 100 women who tried it, 95 succeeded perfectly. And the two who failed blamed their own mistakes, not the recipe!

By the development of an utterly new type of flour—Gold Medal Kitchen Tested Flour—baking has been simplified amazingly for housewives. And the cause of most baking disappointments banished.

"Kitchen tested" means that every batch of this flour has been tested in a kitchen at the mill, in an oven just like yours before it goes to you. To get for uniformity of result with home recipes.

That means a flour that acts the same every time. Flour with your recipes. Most flour varies greatly. Different sacks of other brands often act as you know, entirely different in your oven. That's where over 70% of all baking disappointments come in.

Now special Kitchen-tested Recipes, too, have been developed. The recipe thus fits the flour exactly. And the flour fits the recipe exactly. So you get 100% results every time.

To use it is combination is a revelation in simplifying baking. But

BAMBY BREAD is a real favorite today wherever genuine quality and wholesome food value are recognized.
